History of the Royal

The Royal Christmas Show has a rich history within the Kunekune community, being the longest running event of it's kind! It was first held at the **Chino Fairgrounds** in California back in December of 2015. Since then, it has become an IKHR tradition to host The Royal Christmas Show each first Saturday of December.

Once in traditional form, the IKHR transferred over to a virtual format in 2020 which now allows Kunekune hog producers across the United States and Canada to have their stock evaluated at the same time by world class swine judges. In 2021, the IKHR began hosting the Royal with **Walton Webcasting**, and the rest is history. The feedback is aimed to provide direction to breeding programs seeking to align their selection with the IKHR Breed Standard and to improve production characteristics within their herds.

Furthermore, an additional benefit to producers is that this form of shows allows for a biosecure method of exhibition

WALTON WEBCASTING

First commissioned by the IKHR to host Kunekune Cyber Shows in 2021, the team at Walton Webcasting is to thank for the incredible opportunity to host CyberShows for Kunekune producers around the world!

The 2025 IKHR Royal Christmas Show marks the 8th Kunekune Cyber Show hosted by the IKHR and Walton Webcasting!

This event could not have been possible without the generous supporters listed to the left!

Judge

Brice Conover is an acclaimed breeder of commercial and showpig Berkshire hogs. Owner of Conover Show Pigs in Baxter Iowa, Brice maintains a swine operation that consists of 125 sows - primarily Berkshire. The Conover operation is centered around proven meat quality, sow productivity, growth and performance, and winning Champion Berkshires at the same time.

Brice's accomplishments as a swine breeder are far and wide - he has been awarded Premier Breeder with the American Berkshire Association for many consecutive years, produced the all-time top IMF gilt ever scanned at an ABA event, and was selected as the 2008 Iowa Master Seedstock Producer of the Year. Brice has judged many major National and State shows across the country for the last 20 years.

Outside of the swine industry, Brice is married with a young family. The Conover operation also runs an Angus cow herd that focuses on selling performance bulls.

SHOW SPONSOR

SUPREME CHAMPION – KNUTSON FARMS

Knutson Farms is known for producing consistently high-quality rhubarb and cut flowers throughout the year, and hosting a variety of farm-centric events in Sumner, Washington. Since founding in the late 1930's, the farm's fresh flowers have been prized for their quality and freshness. Our little part of the world happens to produce over half of all the rhubarb grown in the U.S.

A local sensation, the farm hosts seasonal events year-round such as the Spring Bloom tulip festival, Sunflower Days, Pumpkin Patch, and Christmas at the Farm.

CHAMPION PRODUCE OF DAM + GET OF SIRE - THE HISTORIC USA HERD

Lori has raised and kept Kunekune Hogs in Southern California for over 20 years. Breeding and producing from North American's most decorated and well known herd The Historic USA Herd, she has provided prized stock to farms across the US and Canada. Lori has completed major imports to the US from the UK and NZ as well as major exports to Canada, this stock has served as the basis for the Kunekune Herds seen today throughout North America.

In 2009, Lori harvested the first Kunekune Hog in North America. Lori founded the AKBA in 2006 in order to keep record of the breed in America and initiated the requirement for DNA proof of parentage as a requirement for registration in 2009 - without these efforts North American would not have the years of DNA proof of parentage to support the purity of the breed. Her vision of the Kunekune as livestock and a production animal has created a sustainable future for the breed throughout the world.

CHAMPION JUNIOR SOW

ROUND BUTTE KUNEKUNE RANCH

On a mission to maintain a homegrown food source, Brett & Emily Peterson started raising Kunekune hogs in 2014. Today, they offer State inspected Kunekune Pork and lard products to their community in Ronan, Montana. To select genetics better suited for their production goals, they recently started scanning for carcass merit traits using ultrasound. Emily exhibited Kunekunes at the very first Royal Christmas Show in 2015 at the Chino fairgrounds in California!

SMILING J RANCH

Smiling J Ranch is an IKHR Kunekune pork producer and breeding operation in Clayton, Washington, that hit the ground running in 2025! Using tools like carcass ultrasound, the SJR program is focused on selecting stock with improved muscle to fat ratio, growth, and feed conversion.

In addition to their Kunekune hog breeding program, Smiling J Ranch raises Mini Hereford cattle, Nigerian Dwarf dairy goats, and AKC Pembroke Welsh Corgis.

SHOW SPONSOR

CHAMPION SHOWMANSHIP AG FARMS

AG Farms is operated by IKHR youth breeder, Aria Contreras in Gavilan Hills, California. Aria was the first youth breeder in the IKHR, and started the program with her first sow at 3 years old. Her program traditionally uses sows from the Aria Giana bloodline, which was in fact named after Aria herself!

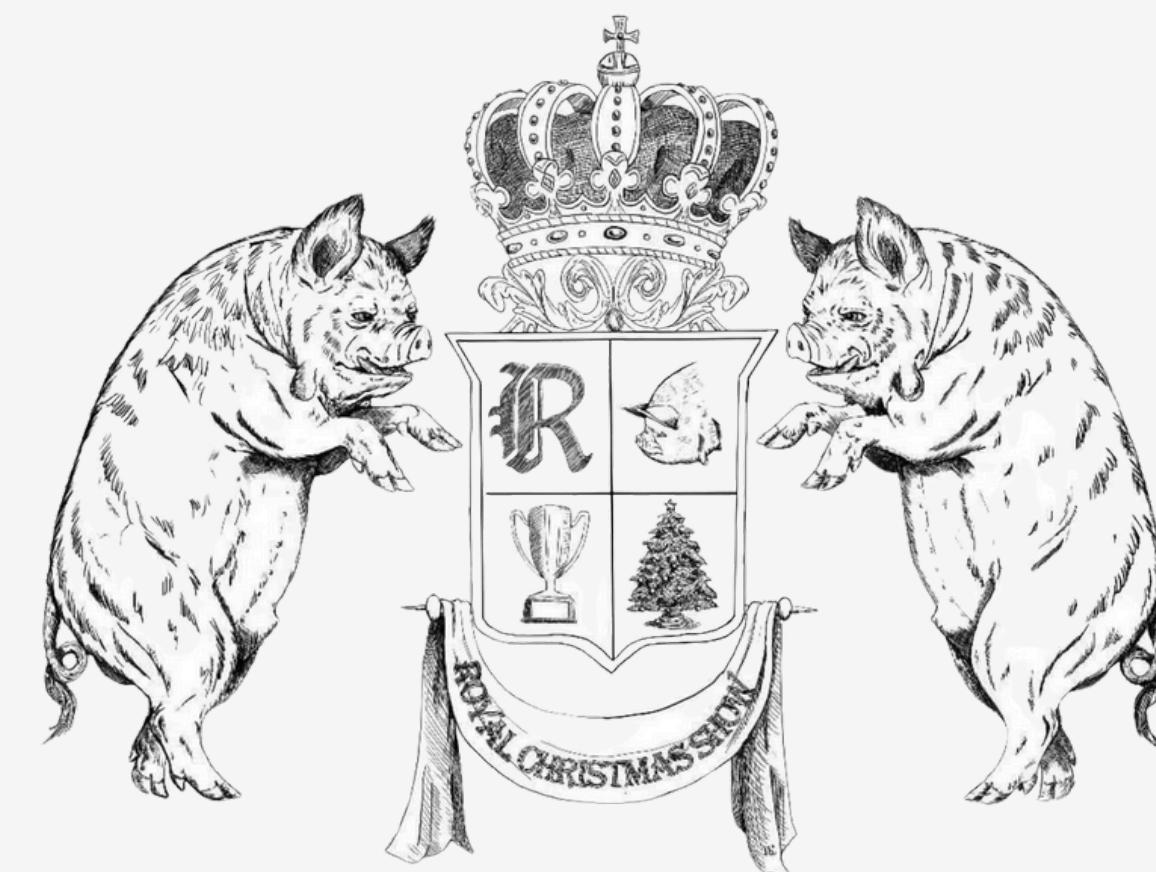

Aria has been noted as an accomplished showman in the IKHR show circuit. Her first sow, Rainbow, was driven to champion victory only a short time after the program was started. AG Farms has been actively involved in the IKHR show ring and produced various champions since!
